For superb music pleasure
- Fullsound™ to bring your MP3 music to life
- Music shuffle for ultimate convenience
- Up to 10-hour MP3 and WMA music playback* plus FM radio

PHILIPS

sense and simplicity

Highlights

FullSound™

Philips' innovative FullSound technology faithfully restores sonic details to compressed MP3 music, dramatically enriching and enhancing it, so you can experience CD music without any distortion. Based on an audio post-processing algorithm, FullSound combines Philips' renowned expertise in music reproduction with the power of the latest generation Digital Signal Processor (DSP). The result is fuller bass with more depth and impact, boosted voice and instrument clarity, and rich detail. Rediscover your compressed MP3 music in true-to-life sound that will touch your soul and move your feet.
